ORDER:

The Government of India had notified the "National Cyber Security Policy - 2013". The National Policy stipulates the strategies for realizing the vision of 'building a secure and resilient cyberspace for citizens, businesses and Government'. The State of Andhra Pradesh is a pioneer in the use of Information Technologies (IT) and communication protocols extensively for delivery of public services. To maintain the momentum as a pioneer, and to scale frontiers through state-of-the-art, the Government customized the National Policy, and evolved a more granular, state-specific "Andhra Pradesh Cyber Security Policy (APCSP)".

2. The IT,E&C Department identified the M/s Andhra Pradesh Technology Policy (APTS) Ltd. as a Nodal Agency on behalf of IT,E&C Department for implementing the APCSP.

3. The CERT-In (Computer Emergency Response Team India), mandated all electronic applications (e-applications) of the Government to be subjected to a security audit by a "CERT-In empanelled agency" to host the Government e-application to ensure a common denominator of Cybersecurity standards. CERT-In follows a structured and rigorous process for identifying and empaneling security audit agencies. APTS is one of the CERT-In empanelled agency for information security audit and assurance services.

4. The IT,E&C Department issued orders directing all secretariat departments, Head of Departments (HoDs), Public Sector Units (PSUs), societies, and institutions to avail the cybersecurity services of APTS, and accordingly, the Government agencies have availed the services from APTS.

5. The service charges for the cyber security audit assessments provided by M/S APTS to the Government agencies are detailed below:
